Light Commercial Use

Quality. Value. Quiet. If these three words are important to you, this is the perfect compressor for light commercial applications. It blows away the competition with its large two stage pump running at a low 673 RPM and an output of 15.1 CFM @ 175psi. This industry leading compressor sits on a 60 gallon 200psi certified tank.

5 HP Single Phase/230v Motor

- 17 Running amps (Requires 30 amp breaker)

2 Cylinder Pump

- 15.1 CFM @175 PSI
