

1,000 lb. Automotive Transmission Jack – High Rise

This high-rise automotive transmission jack features the most flexible, usable and safe head-plate design to boost productivity.

FEATURES:

- Two-stage design: 1st stage 100% air operated for speed; 2nd stage hydraulic for precise control
- Swivel casters make for easy maneuverability
- Nylon Speed-Strap™ quickly and conveniently secures the load
- Heavy duty acme threaded screws provide greater bearing surface for easier tilt adjustments
- Additional adapters available, see page 16
