TL-12

The TL-12 laser alignment system is used to quickly and accurately align passenger cars, light trucks, RVs and high-performance vehicles. Developed by the leading supplier of lasers to the collision repair and wheel alignment industry, the TL-12 is unsurpassed in accuracy, simplicity and reliability. The TL-12 runs on D cell batteries. There are no cables or computers. It comes with an easy-to-follow training video, instruction manual, and a two year warranty.

TL-12 consists of:

- Laser Guns
- Rear Combination Gauges
- Caster/Camber gauge
- Calibration Bar
- 4 Wheel clamps for rims up to 19 1/2"
- Steering Wheel Holder
- Brake Pedal Depressor

Shipping Weight: 185 lbs.

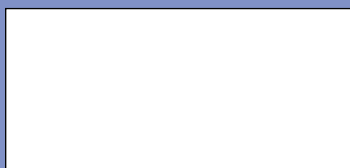

Options:

- Wheel Clamp Extension (to extend the clamp 6" with interchangeable feet styles)
- Level compensator: calibrates non-level surface for caster and camber readings
- Duelly 1-Ton kit
- Data Recorder
- Turn Tables
- Slip Plates
- Alignment Stands
- Heavy Truck Kit

Tru-Line has over 25 years experience in the alignment industry, with over 5000 alignment systems in operation in the auto, RV, trucking and racing worlds.
