

Mini Automatic Tire Inflator

PCL proves that being square can be stylish with its simplest electronic tire inflator to date, the user-friendly ACCURA QUBE. This tiny 6" x 6" unit packs a petite but powerful punch, offering fast and accurate inflation within a simple, safe, state-of-the-art design.

All the customer needs to do is preset the required pressure, place the chuck on the tire and let the in-built auto-start function do the rest.

This versatile little unit is ideal for indoor use, particularly in commercial environments where ease of use and accuracy are key.

The unit's durable ceramic sensor allows extremely precise measurement with tolerances well within the California 2psi Accuracy Standard.

Why choose PCL:

- Extremely accurate with testing standards within ± 1 psi
- Compliant to the California 2psi Standard
- Each gauge comes with its own individual tested calibration certification
- Standard 1 year warranty
- Touch screen technology
- Auto-start inflation

Technical specifications

DIMENSIONS	
Length	6"
Width	6"
Depth	3½"
Weight	5lbs
ENVIRONMENTAL	
Operating	-20°C to 70°C
Storage	-30°C to 80°C
PRESSURE MEASUREMENT	
Accuracy	Exceeds California 2 psi standard (to ± 0.5% of full scale reading)
Reading Accuracy	1 psi
Max Inflation Pressure	145 psi
Max Inlet Pressure	217 psi
INFLATION SPEED	
Inflation flow	88 cfm @ 145psi

QUBE4

Hose Length
16'

Chuck Type
Single lock-on

Pressure Range
0-145psi
