

Professional Tire Pressure Gauges

PCL offers the highest quality, most reliable, extremely durable and cost effective equipment for taking tire pressure readings. There is a gauge suitable for all applications from car to truck, bus and specialist applications.

Individually hand built and tested to a guaranteed accuracy of ± 1 psi which exceeds the California 2psi Standard.

Each gauge incorporates a self-adjusting friction device which enables the pressure to be read when the tire pressure gauge is removed from the tire valve.

Why choose PCL:

- Extremely accurate with testing standards within ± 1 psi
- Compliant to the California 2psi Standard
- Individually hand built in Sheffield, UK
- Enhanced 3 year warranty

PRESSURE MEASUREMENT

Accuracy	Exceeds California 2 psi standard
----------	--------------------------------------

Reading Accuracy	1 psi
------------------	-------

TPG1H01

Head Type	Pressure Range	Accuracy
Single Angled	6-50psi & 0.5-3.4bar	±1psi guaranteed

TPG4H01

Head Type	Pressure Range	Accuracy
Twin Angled	10-120psi & 1-15bar	±1psi guaranteed

TPG57H03

Head Type	Pressure Range	Accuracy
Twin Angled	10-160psi & 1-15bar	±1psi guaranteed
